Webinar: Human Development and finance in the shadow of Anthropocene risks
24 January 2022, 13.30-15.30 CET - Virtual

What needs to happen to advance a systemic take on finance and the economy to ensure a just future on a thriving planet?

This seminar is organized in support of the discussions leading up to the Stockholm+50 conference and the transition of G20 presidency to Indonesia. It is a collaboration between the Beijer Institute of Ecological Economics at the Royal Swedish Academy of Sciences, the Stockholm Resilience Centre at Stockholm University, and the UNDP Human Development Report Office following a successful collaboration on the 2020 Human Development Report. The event is overlapping with the timeline of the Indonesian G20 presidency.
